

Griswold Pump Company

ANSI Pump Interchangeability Guide

Griswold 811 & Goulds 3196, 3796 & 3996

March 2006

Griswold 811 parts are interchangeable with Goulds 3196 ANSI pumps in equivalent sizes and with Goulds 3796 and 3996 pumps for many of the key parts. Impellers, stuffing box covers, packing glands and shaft sleeves are interchangeable in the model 3996

3996 Adapter is integral with
Bearing Housing

This diagram is an exploded view of a mechanical assembly, likely a pump or valve. It shows the main body, a central shaft, and various internal components like seals, bearings, and fasteners. The parts are numbered 1 through 48, with some numbers appearing multiple times for identical parts. The diagram is a technical line drawing with no shading or color.
