

# **WALK on WATER** with **GRISWOLD'S E,F&G SERIES** *Heavy Duty End Suction Centrifugal Pumps*

Griswold's E,F&G Series end suction centrifugal pumps are designed for versatility. The E,F&G Series is proven to be ideal for most water pumping applications with flow rates up to 3,000 gpm, heads to 310 ft., extensive performance features, and a broad range of sizes and configuration options.

In addition to the wide variety of options and upgrades, the E,F&G Series pumps also offer excellent performance, simplified maintenance, high reliability and reduced cost of ownership compared to many of the competitor pumps available on the market today.

**QUALITY · VALUE · DELIVERY**

#### **FEATURES & BENEFITS:**

- NSF® Certified (F-series only)
- Flow rates up to 3,000 GPM
- Max Discharge Pressure Head 310 ft.
- Heavy Duty, Robust Design
- Single Piece Enclosed Impeller
- Epoxy Coated Interior
- Flanged connections in accordance with ANSI B16.1
- Back pull-out design for ease of maintenance
- Close-coupled NEMA electric motors available
- Frame mounted with coupling to: electric motors, engines, steam turbines, or belt-driven options.

#### **SEALS AVAILABLE:**

- Carbon/Ceramic/Buna (standard)
- Carbon/Ni-Resist/Viton®
- Carbon/Silicon Carbide/Viton®
- Silicon Carbide/Silicon Carbide/Viton®
- Silicon Carbide/Tungsten/Viton®
- Packing

#### **MATERIAL AVAILABILITY:**

- Cast Iron with Bronze Fitted Impellers.

#### CUSTOMER SATISFACTION – OUR MAIN FOCUS

At Griswold, our commitment to your success extends way beyond our top-of-the-line products. We have structured our staff, systems and inventory to deliver consistent high-level solutions for meeting your most critical equipment and time sensitive delivery needs.

Call our application engineers with any questions regarding performance and repair. We also

offer state-of-the-art certified performance testing (witnessed and non-witnessed) which conforms to Hydraulic Institute Standards. We pride ourselves in providing what you need and when you need it.

- **Engineering & Custom** **Engineering support**
- **Inventory optimization**
- **Certified testing**

#### Industrial Services

The Griswold Pump Company is a veteran in the pump industry with product lines dating back over 70 years. You'll find a wealth of industry knowledge and experience behind every Griswold product. With more than 100,000 pump installations worldwide and our international distribution network, Griswold excels in a broad range of chemical process, industrial and municipal applications.

- General Industry
- Water Parks
- Fountains
- Zoos
- Commercial Swimming Pools
- Aquariums
- HVAC Cooling Towers
- Marine
- Commercial & Agricultural Irrigation

#### Baseplate Mounting Systems

Griswold offers a complete range of pre-engineered channeled steel baseplates designed to reduce stress and vibration as well as extend MTBR (mean time between repair), thus ensuring long-term durability. Bases include a fully enclosed steel coupling guard as standard, with optional non-sparking coupling guard.
